10      <h2>by Robert Frost</h2>
11
12      <p>
13        We make ourselves a place apart
14        <br />
15         Behind light words that tease and flout,
16        <br />
17        But oh, the agitated heart
18        <br />
19         Till someone find us really out.
20        <br />
21      </p>
22
23      <p>
24        'Tis pity if the case require
25        <br />
26         (Or so we say) that in the end
27        <br />
28        We speak the literal to inspire
29        <br />
30         The understanding of a friend.
31        <br />
32      </p>
33
34      <p>
35        But so with all, from babes that play
36        <br />
37         At hide-and-seek to God afar,
38        <br />
39        So all who hide too well away
40        <br />
41         Must speak and tell us there they are.
42        <br />
43      </p>
